

## Fundraiser for Valley CiDS & MAF

### Plants

I like to sell plants surplus to my garden 's needs for charity, so there are just a few of each on the list – so first come first served.

Perennial flower plants and herbs are mostly ready now (suggested donation £2 large £1 small) and I will have vegetables and annuals later on when last frosts are behind us– currently in seed/seedling stage at the moment but let me know if you'd like anything specific from the list. There may be other plants not on list!

### Coffee Morning

I am planning a ticketed open garden/coffee morning/afternoon for members of all churches on 31<sup>st</sup> May and or 1<sup>st</sup> June depending on what help I can get for a couple of vital roles (eg. ferrying the less able from St Barts as parking is fairly restricted here – we are walking distance from Clay Cross for many (and I usually walk to St Lawrence and occasionally to Pilsley) - and help with making tea/coffee. Plus donations of cakes!)

There will be opportunities to say I like THAT plant, please make a cutting!

Please email [notices@claycross.org](mailto:notices@claycross.org) with requests /offers of help etc

### **Herbs**

Bronze Fennel (tall)

Mint - (several varieties)

Chives

Lemon sorrel

Lavender

Comfrey

Oregano

Marjoram
